To steve.

I'd like to say that your company came highly recommended to me when I was looking for a roofer for my self-build project in gt Leigh's
The 10,000 tiles which you laid look superb and in the last year i must of had at least half a dozen people stop and said to me how great they looked and they all asked "who laid them?" I had know problems in telling them it was Philips roofing !!
Good luck in all your future projects.

Best regards

Nigel Booley.
