Dear Steve,

I just wanted to thank you so much for the superb job that you and your team did re-roofing my house. You made the whole experience stress free and everyone was so polite, kind and tidy. I would have no hesitation in recommending your company, not that I need to as your workmanship speaks for itself. I had so many people stop me and say what a fantastic job that you had done and that I now have the best roof in the street which I do. The work that you also did over the bay window now really sets the house off.

Thanks also again for the unscheduled work you did for me in the loft it gave me plenty of room for storage.

Yours sincerely

L. Cornwell.
