Dear Steve,

### Work on Kitchen Extension

Just a quick note to express my thanks for the wonderful job you have done on the roof of our kitchen extension. As you know I was very concerned that the roof design that the planners were insistent upon was going to spoil the look of the house. However, I was quite wrong and the finished roof is quite lovely. The level of attention to detail on the whole project was most impressive. The leadwork on the flat roofed area is superb.

We have always been delighted with the work you have done for us, on the barns and the main house, and will be in touch again when we start our next project.

With very best wishes to you and your team.

Yours sincerely,

JA Turnbull
